SHARING KNOWLEDGE AND CARE AROUND THE WORLD

“Through my involvement with ORBIS INTERNATIONAL, I have had the opportunity not only to perform corrective surgery on patients in need, but also to train the doctors in these other countries in the same procedures, which allows them to then help hundreds more in their own country. This work is so exciting. I believe everyone should get involved if given the chance.”

Project ORBIS: New York, London, Hong-Kong

Contributor: “Let’s Talk Health”, Seattle Times

Lecturer and Trainer: In over 63 countries worldwide

Honorary Academician, Bulgaria National Academy of Sciences and Medicine

Honorary Professor: Shanxi Eye Hospital, Taiyuan, China

Professional Statement:

“In my practice, I believe it is important to be an educated consumer, so you can make an informed decision when it comes to your personal care. Make the decision to have this type of treatment is a personal one, but I see my role in helping my patients completely understand the procedures and their options as the vital first step in improving their personal appearance.”
